PASSING THE TORCH
SLC RECAP

How many FBLA Florida chapters can brag about having state presidents elected back-to-back? Just one, and you should be proud to be a member of the one and only Middleton FBLA.

With yet another successful State Leadership Conference over, we take a moment to reflect on what makes Middleton FBLA stand out. With groundbreaking membership numbers, outstanding competition results, and unprecedented accomplishments by our members and officers alike, it's clear that Middleton FBLA excels in impressive ways. Our chapter's commitment to excellence and innovation truly sets it apart, and it's no surprise that it continues to lead and inspire.

"I have never been prouder to be a part of Middleton FBLA than I was on that stage," says Pranava Manthena, our newly elected Florida State President.

"The camaraderie of Middleton is what sets us apart," remarked Vinesh Jarajapu, the previous State President. "I couldn't be happier to pass on the honor of representing to our very own Pranava."

As we witness this incredible legacy being passed through Middleton's equally impressive chapter, ask yourself: What is the legacy you want to leave for the next generation of greatness at Middleton?
